Dear Warden:

Permit me to advise I have prepared a reply on behalf of Paul De Lucia, Reg. No. 62118-L and Louis Campagna, Reg. No. 62119-L, inmates of the penitentiary of which you are warden, to the answer filed by the Commissioner of Internal Revenue in cases now pending in the Tax Court of the United States.

It is necessary that these replies be signed in quintuplet by each of the named inmates and notarized by one authorized to administer oaths in the County in which the penitentiary is located.

Replies on behalf of each of my clients is necessary in that the Commissioner has set up affirmative matter in his answer and their reply must be filed in Washington not later than the 24th of this month.

I would therefore appreciate being granted permission to visit my clients with a view of having them execute the documents in question and having the same notarized. I also am desirous of securing permission to have the person who accompanied me on the last trip, who is acquainted with these men and their affairs, to also interview my clients so that we may review the data which they submitted at our last conference, and otherwise to further their interest in the proceedings now pending in the tax court.

If possible, I would appreciate our being granted the right to interview my clients on Thursday, October 18, 1945, during the prescribed hours.

Dear Sir:

Permit me to advise that I represent Louis Campagna and Paul DeLucia, both of whom are inmates of your institution, in matters now pending before the United States Tax Court pertaining to deficiency in income tax assessments for the calendar years 1935 to 1941.

While my clients were formerly at the Federal Penitentiary at Atlanta I submitted documents required to evidence the fact of my representative capacity for my said clients. Please advise whether I must again file documents to enable me to visit my said clients at your institution.

In view of the fact that the taxes in question cover a long period of years, and my clients did not have books of account, it is necessary that I have someone accompanying me on my next visit, who was acquainted with these men and their affairs and who will be in a position to secure the data which the conference would indicate as being necessary.

I therefore would appreciate being informed if it would be possible to have such a person accompanying me on my next conference being afforded the privilege of meeting my clients at the time I am granted such privilege. If so, please notify me, and, also, what your requirements are pertaining thereto as it is my desire to conform therewith.
